

Sadhu Vaswani International School

'The child is the light and life of the nation'

- Sadhu Vaswani

There are schools and schools... and then there's the school with a difference. Where education is not the mere learning of lessons by rote but indeed a joyous celebration of a child's innate curiosity. Where the acquisition of knowledge is an exciting journey that enriches both the teacher and the taught.

Welcome to
Sadhu Vaswani
International School.

Set up by the Sadhu Vaswani Mission, AP, it aims at a holistic, value-based approach to education built on the foundation of Culture, Character, Compassion and Courage. It believes that the purpose of a school is to lead young minds towards the light, nurturing not only the mind and body but also the soul of the child.

Spread over a sylvan expanse of three and a half acres at Jayabheri Park, Kompally, Sadhu Vaswani International School is a co-educational, progressive school affiliated to C.B.S.E.

Teaching Methodology

- Distinctly different

What truly distinguishes Sadhu Vaswani International School is its very approach to education.

Based on the tried and proven principle of Sanctuary, a unique concept initiated by the Sadhu Vaswani Mission that provides children the scope to develop their inner self, the school grooms exemplary citizens of tomorrow's world.

In the classroom, the teachers' innovative teaching methods are complemented by modern teaching aids and tools for complete comprehension and better understanding of lessons. The recommended teacher-student ratio of 1:20 is strictly adhered to, so that personal attention can be paid to each student with slow learners extended all necessary assistance and opportunity to catch up with the rest of the class.

To ensure that you always stay abreast with your child's progress in class, we encourage active involvement of parents in school affairs and events. This serves to motivate the child to put in his or her best efforts in order to gain parental appreciation and also gives rise to a feeling of belonging.

A **faculty**
that facilitates learning

Teachers have tremendous influence on a child's life. After the parents, it is they who spend the most time with the children and are often their role models. In view of this, great attention is paid to handpick staff with the right credentials, both with regard to academics and attitude.

You will find the teachers at Sadhu Vaswani International School well-versed in the latest teaching techniques and a happy blend of caring mentors and strict disciplinarians. They are dedicated to the all-round development of your child and are committed to grooming him or her into a self-confident individual while at the same time inculcating the values of humility and modesty.

Our teachers are well aware of the enormous pressures of modern-day parenting and adopt an empathetic approach when confronted with situations that demand parental intervention.

Space for
children
to grow

Sadhu Vaswani International School presents the ideal environment for children to learn, play and grow.

The classrooms are spacious, superbly laid-out and well-ventilated, exuding a welcoming friendliness and warmth that appeals greatly to children.

To ensure student participation in physical activities to stay strong and fit, the school has large playgrounds for games such as basketball, tennis, cricket, skating etc. Plus, the school also has facilities for indoor games like table tennis, carom, chess etc. Trained coaches are at hand to spot and groom promising young talent.

Giving children ample opportunity to unleash their creativity and use their imagination, are facilities for painting, drawing, clay modelling, cookery, electronics etc. Teachers allow students the freedom to discover their metier and engage in it with complete passion.

Well-equipped Laboratories enable the students to conduct experiments and practically experience for themselves the theories they have been taught in class. After all, doing it yourself leads to better comprehension.

A well-stocked Library helps instil the love for reading by providing books of appropriate genres that capture the imagination and usher the child into the realm of mind-expanding fantasy.

A welcome concept

Sadhu Vaswani International School is conceived as a Day Boarding School. The idea being that the child once in school is taken care of completely and once the child leaves school, he/she is free from the pressures of the school. How do we manage this?

Students are provided delicious, healthy vegetarian lunch and snacks prepared in a hygienic kitchen under the supervision of a dietician.

What will find a definite nod of approval from you is the fact that children are not given any homework so that they can spend quality time with their parents or indulge in a hobby of their interest. Moreover, our students are not bogged down with the pressure of studies as they are not expected to carry heavy bags around since all their books and notes are kept safely in the classroom.

After their classroom studies, children are encouraged to take part in physical activities and games of their choice which serve to inculcate traits such as leadership, sportsmanship and being a team player.

St. Mira's Day Care Centre

Understanding the problems of working parents, we have sought to alleviate a little of their worries by setting up a creche, St. Mira's Day Care Centre, where children are well looked after by our trained, caring staff.

Sadhu Vaswani International School will open its doors for the first batch of students for the Academic Year 2008-2009 for classes Nursery, Pre-Primary I, Pre-Primary II and Class I.

Let there be light. Come, experience education at its best. At Sadhu Vaswani International School.

Girls School- New Delhi

"Out of darkness lead me to light."

That to my mind is the secret of the true ideal of education

- Sadhu Vaswani

Sadhu Vaswani

A man on a mission

Sadhu Vaswani as at once a seer and a sage. Possessing tremendous spiritual magnetism, his journey to spread peace and happiness in the world began way back in 1929 in Hyderabad, Sind, with the initiation of the Sakhi Satsang. This was the embodiment of his strong belief that women had great potential which could be harnessed for the betterment of the society and the nation. He stressed upon the need to lovingly and selflessly serve the community as the means to a fulfilling life. Later, upon the insistence of men who were inspired by his teachings, Sadhu Vaswani threw open the satsang and its activities to all. Sakhi Satsang then became known as the Brotherhood Association.

After Partition, Sadhu Vaswani and his devoted disciples migrated to India and put down roots in Pune. Here, too, he continued the tradition of satsang and community service that attracted an even greater following.

Sadhu Vaswani gained international acclaim as an accomplished poet, philosopher, educationist and champion of animal rights. He opened ashrams, started yuvak sanghas (youth centres) and founded the Mira Movement, which is an experiment in New Education. He lived by the dictum that, "To be happy, you must make others happy", a simple philosophy that succeeded in catching the attention and imagination of people across geographical boundaries.

When Sadhu Vaswani left his physical body in 1966, the Brotherhood Association was renamed Sadhu Vaswani Mission.

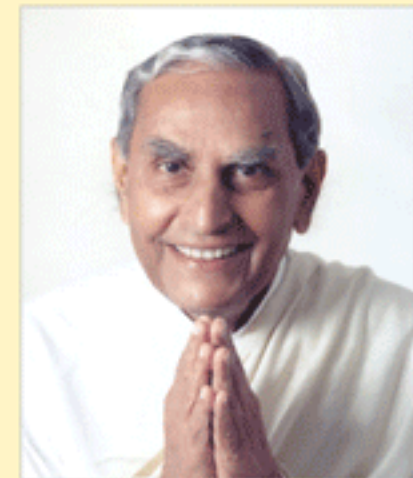

Sadhu Vaswani Mission

- Serving society

Sadhu Vaswani Mission is today renowned the world over as a great humanitarian service organisation that is respected for its integrity, commitment to the cause of the needy and other wide-ranging activities. Its services embrace several spheres that have an impact on people's lives-social, educational, spiritual, medical and environmental.

The Mission operates educational institutions throughout the country in Pune, Ahmedabad, Delhi, Mumbai, Rajkot and Baroda.

Sadhu Vaswani Mission, with its headquarters in Pune and centres not only across India but around the globe, is today moving forward under the inspiring guidance and leadership of Dada J.P. Vaswani.
