## NEWSLETTER 2026-27

"True education should equip the students to cope adequately with life, with what lies ahead of them so that they may become worthy participants in the adventure of life."

SVIS-HYD is under the aegis of the Mira Movement in education, formulated by our revered Guru, Sadhu T.L. Vaswani. The purpose of this movement was to impart Value Based Education to children, which is being done at SVIS since its inception. The 5 vital aspects of the Mira Movement are:

- **Quality in Education** - Students are taught to believe and achieve.
- **Character Building** - Mira Institutes believe in character building by courage, discipline and reverence for life.
- **Community Service** - Knowledge and Wisdom are translated into service of humanity.
- **Imbibing Indian Ideals and Reverence for all Life** - Reverence for all life is the hallmark of Indian Civilization. Students of SVIS are taught to blend spirituality with education - Education of the 'Head, Heart and Hand'.
- **Global Vision** - We train our children to face challenges by participating in Inter-School, Inter-House Competitions to build up confidence and face the challenges of world.

Sadhu Vaswani was a visionary who believed deeply in woman-power and woman-spirit, long before feminism was even thought of. The MIRA Movement testifies to the adage: educate a man, and you educate an individual; educate a woman and you enlighten a whole family. The MIRA institutions seek to accomplish this ideal by providing an environment where the girl students can flourish and evolve to achieve their highest potential.

Sadhu Vaswani believed that 'New India will not be made in the Rajya Sabha or Lok Sabha, but in the schools and colleges.'
